

FINANCIAL STATEMENT

The Maryland Institute College of Art is required to obtain information that documents your ability to cover all of your expenses while you are studying in the United States. You must provide official documentation that indicates what your source(s) of funding will be and the amount available in U.S. dollars. Funds may come from any dependable source including a sponsor, your government, personal or family savings, or from a scholarship or fellowship. The documentation should guarantee that you will have sufficient funds for your entire exchange semester at the Maryland Institute.

The estimated expenses for international exchange students at the Maryland Institute College of Art for one semester of the 2004 - 2005 academic year are \$6015. Please outline your ability to cover these expenses by completing the enclosed *Financial Statement for International Exchange Students*. Keep in mind that **you must provide official bank statement(s) that certify account balances (in U.S. dollars) or other official documents (e.g. government award letter) for each source of funding that you list**. Bank statements must be originals; faxed copies will not be accepted.

The completed *Financial Statement for International Exchange Students*, with all supporting documents, must then be returned to the Maryland Institute. If the Financial Statement meets all conditions, and you have been admitted as a full-time exchange student with demonstrated English proficiency, a Form I-20 will be issued.

Please be advised that you may be required to present evidence of financial support when you apply for your student (F-1) visa and once again when you apply for entry into the United States. This documentation will assist Immigration Officials to determine and expedite visa issuance.

Please return the completed form to:
